4 GENERAL EDUCATION

Activities of general education are integral to the latent curriculum, complementing general education courses. These activities encompass drama, dance, music, arts and culture, thematic film screenings, comprehensive liberal arts forums, and life lectures.

From traditional to modern, local to global, they aim to cultivate an understanding of the present world and achieve the ultimate goal of caring deeply. By integrating humanistic and humanitarian sentiments with devout religious beliefs, participants learn to respect heaven and humanity, adhere to principles, and embody the spirit of the Creator, Humanity, Entire Creation, and Individual Self. Highly endorsed by the entire school community, these activities nurture holistic development and cultivate aesthetic appreciation in education.

5 FESTIVAL ACTIVITIES

Every year, the school organizes a lighting event on Thanksgiving Day, inviting everyone to celebrate the Christmas festivities. Fireworks are set off during the New Year's Eve countdown to celebrate the arrival of the New Year. Through the Mother's Day Choir Competition, we express our love and gratitude to our mothers through song and creativity.

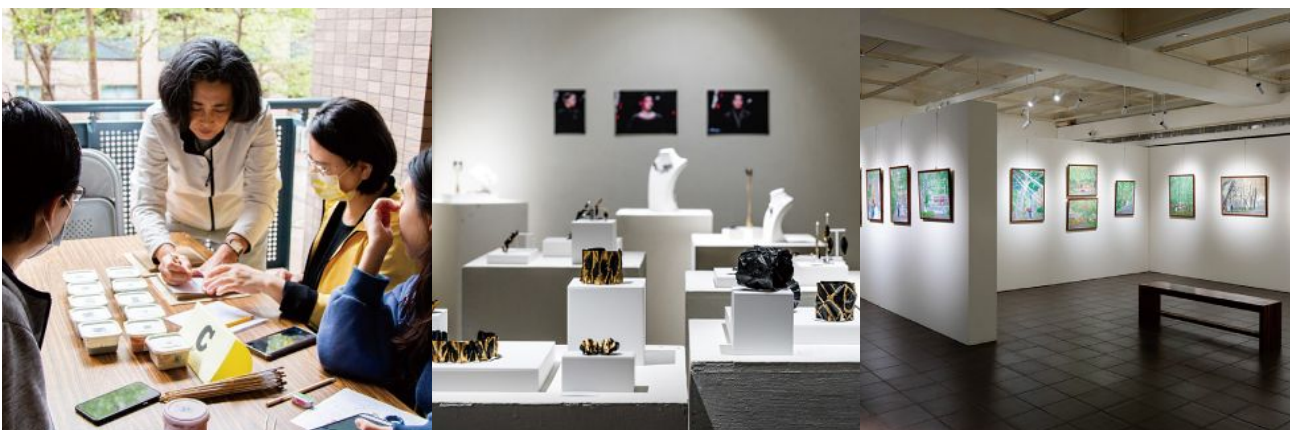

6 CYCU Art Salon

In order to promote the value of holistic education and to enhance the form of the personality of truth, goodness, and beauty, Chung Yuan University organizes concerts on Wednesdays and Thursdays during the semester, inviting renowned musicians and performing arts groups from home and abroad to perform.

In view of the inseparable relationship between aesthetic education and personality development, and the importance of arts education to our students, we set up the Art Center in August 2005 to plan and implement arts exhibitions and arts education activities on campus.
