Message from the President

Dear CYCU Graduate Student

Congratulations and welcome to the CYCU graduate program! Your brilliant performance has stood out in the cutthroat competition to enter our graduate programs, and we applaud you for the wise choice of CYCU. Since its establishment in ¹⁹⁵⁵, CYCU has proudly celebrated ⁷⁰ glorious years, during which we have endeavored to promote higher education for the benefit of the people with faith, hope, love, and the spirit of Christian love for the world. We firmly believe that education is not only an approach to exploring knowledge and technique but also the process of shaping one's character and searching for the meaning of our own life. Everyone is endowed with different talents and has different personalities, abilities, and circumstances; therefore, to realize one's full potential is considered a success. Now, you stand at a new starting point of academic exploration, ready to embark on deeper learning and research. At CYCU, we offer outstanding faculty, abundant research resources, and an academic environment rich in innovation and collaboration. I sincerely believe that choosing CYCU will be a journey filled with inspiration, challenges, and achievement. I look forward to seeing you surpass yourself, broaden your horizons, and create a more remarkable future.

Over the past years, the operation of CYCU has won many awards, ranking first among private comprehensive universities for six consecutive years in the Center for World University Rankings (CWUR), topping the list among private institutions in subject-specific rankings by the Times Higher Education (THE). Additionally, CYCU also holds the top position nationally in the fields of Chemical Engineering and Polymer Science, according to the 《U.S. News》 global rankings with impressive international ratings. In 2022, CYCU achieved remarkable success across various metrics. With the model of Category Normalized Citation Impact (CNCI) value exceeding 1, surpassing the global average, CYCU ranked first not only among comprehensive universities nationwide in the field of Environmental and Ecological Studies but also among private comprehensive universities nationwide in Material Science. Our academic research influence stands among the very best, surpassing national universities. We have been awarded the Industry-Academia Partnership Award by the Chinese Institute of Engineers for the seventh consecutive time, ranking first among private schools and honored as the only "International Creative Institution" in the nation. We have also been awarded the "Outstanding Creative Institution" by the Small and Medium Enterprise Administration (MOEA) for a total of 12 times.

CYCU achieved two gold medals, one silver, and one bronze at the Nuremberg International Invention Exhibition in Germany. We also rank first among private schools in industry-academia collaboration, on par with national universities. Furthermore, our employment rate and alumni's high salaries also rank first among private schools. According to the 104 Job Bank, the employment rate for CYCU graduates ranks first among all private comprehensive universities in Taiwan, surpassing even many national universities. Furthermore, CYCU was also found to have the highest percentage of alumni earning salaries exceeding NT\$80,000, topping all private universities again.

CYCU provides an excellent environment for learning and personal growth; here, you can fully unleash your potential and set a solid foundation for future success. We look forward to seeing you improve your academic skills, deepen your knowledge, and accumulate valuable practical experience here. May you become a professional talent and innovative leader who will shape the future of society. We sincerely welcome you to join this academic sanctuary filled with hope and limitless possibilities. Hoping you grow into a distinguished member of the Chung Yuan community on the illustrious Pu Ren Gand.

May your research journey at CYCU be both fruitful and successful. Once again, welcome to our community.

Yours sincerely,

In-Ming Lee

## 8.A different kind of CYCU

### GENERAL EDUCATION

---

The scope of the general education complements and reflects that of general education courses and includes literature, music, art, dance, drama, film, philosophy, Holistic Liberal Arts Lectures, etc.

### FESTIVAL ACTIVITIES

---

Every year, the school organizes a lighting event on Thanksgiving Day, inviting everyone to celebrate the Christmas festivities. Fireworks are set off during the New Year's Eve countdown to celebrate the arrival of the New Year. Through the Mother's Day Choir Competition, we express our love and gratitude to our mothers through song and creativity.

### CYCU Art Salon

---

In order to promote the value of holistic education and to enhance the form of the personality of truth, goodness, and beauty, Chung Yuan University organizes concerts on Wednesdays and Thursdays during the semester, inviting renowned musicians and performing arts groups from home and abroad to perform.

### Art Center

---

In view of the inseparable relationship between aesthetic education and personality development, and the importance of arts education to our students, we set up the Art Center in August 2005 to plan and implement arts exhibitions and arts education activities on campus. Each academic year, we present six to eight visual arts exhibitions with a wide variety of themes and media and organize experience workshops to match the themes and creative media. Students who are interested in art are welcome to visit and register for the workshops.

## Educational Purpose

Chung Yuan Christian University was founded on the basis of Christ's love for the world, and is dedicated to higher education in China with faith, hope, and love. We aim to pursue true knowledge and action, and to serve mankind by inspiring culture.

## Educational Philosophy

We respect the dignity of nature and humanity, seek harmony between the human and the natural, and use our technological and humanistic expertise with wisdom and discretion for the benefit of all people.

We understand that each person is endowed with different talents and has different personalities, abilities, and circumstances, so that the full realization of one's potential is success.

We believe that education is not only a way to explore knowledge and skills, but also a process of building character and pursuing the meaning of one's life

We believe that love is the guiding force in education, and we are willing to teach by example and with mutual love and respect as teachers and students pursue growth together.

We respect academic freedom and autonomy, and believe that knowledge leads to understanding and understanding leads to freedom.

We believe in the practice of a pragmatic approach to education as a means of seeking true knowledge.

We take pride in the school spirit of reverence for God, love for country, dedication to work, and Advocate to simplicity.

**The light of students is visible to teachers, the light of teacher is visible to God,  
and the light of alumni is visible to the world.**
