Course Syllabus and Teaching Plan of Chinese and English versions

Contractor: Mr. Cheng (Ext. 2035)

Instructors should log into the course syllabus for reference in Chinese and English versions. The detailed schedule is published each semester.

1. Path: CYCU Homepage/Faculty Staff/Academic Affairs Office/Course syllabus and Teaching Plan System/log in/Teachers Only/For "Language" in the upper right corner of the screen, you can select Chinese or English (the system defaults to Chinese). Website: https://cmap.cycu.edu.tw/Syllabus/

2. For courses that have not filled in the course syllabus and teaching plan system, the scores cannot be uploaded to the "Grade Management System".

3. Time for new teachers to log in to the course syllabus system: Please log in to the course syllabus and teaching plan system after the appointment start date for the current semester (February 1 or August 1). The account number is the personnel code, and the default password is the 8-digit number of the birthday. (For example, if you were born on January 1, 1980, the password is 19910101).

4. Course Syllabus System Operation Manual download path: CYCU Homepage → Administrative Unit → Academic Affairs Office → Curriculum and Registration Division→ Documents download → Instructions for the course syllabus/roll call
