Core Courses Ability Direction

- 1.Methods of thought
- 2.Caring for life
- 3.Building character
- 4.Value judgement (the Creator)

Objective

With the theme of "Life Concern", the course will explore the thought of life and death in Chinese and Western philosophy and related issues. From the understanding of the limits of personal life and the possibility of transcendence and promotion, come to realize the dignity and value that death should have. Secondly, from Chinese and Western philosophical thinkers, select those who have a high degree of concern for life and death issues, and respond to contemporary life and death problems based on their attention to life and death issues, and try to provide us with the meaning of life by learning from the past and knowing the present. The search and establishment of , provide the possibility of further thinking.
