

Promote original thesis, Resist plagiarism, Defend academic ethics

Contractor: Mrs. Chuang (Ext. 2028)

1. In order to maintain the quality of higher education, we adopt a thesis originality comparison system to assist in review. Before a graduate student applies for a degree examination, he or she must attach a thesis originality comparison report. Students only can submit the application after the supervisor approves the thesis as being within a reasonable range.
2. Website for Thesis Checking: [Thesis originality comparison system](#)
